### **Cube Revelation Series**

#### **Biblical Perspectives**

We want to enter the cube revelation. From science, we know we are three dimension beings. But if you add the dimension of time, then you have four dimensions. In physics, every atom and molecule can be explained by four laws of physics. And scientists have been trying to unify the four laws into a Grand Unified Theory. They have not succeeded yet. One is the law of gravity, which affects all matter. The second is the law of electromagnetic wave, which includes light, TV, radio etc waves. Then you have the law of the strong force and the law of the weak force. Strong force and weak force are not so common because they are at the molecular level. They explain how atoms are bound together and how radioactivity is released when atoms are split apart. But about a decade ago, they united in a same laboratory the strong force and the weak force into the g particle. So the 4 laws became 3 laws because they united the strong force and the weak force. The rest of the world is not aware of this. Today scientists are trying to build bigger and bigger proton smashing machines in order to unite the 3 laws into one grand unified theory about how things affect one another. So in physics there are 3 laws that govern all the 3 dimensions as of the latest scenario. In the end all the laws will become just one law under the law of energy and how it flows forth.

Just as the physical world has its dimensions, so the spiritual world also has its own dimensions. So when those dimensions come together, it would be like the Star of David. The Star of David has six points. It is the combination of two triangles superimposing on each other, one pointing upward, one pointing downward. It is the trinity of God combined with the trinity of man. So out of that come the six dimensional things.

Everything has a number. The number in human creation is no 6. Although 666 is the number of man's rebellion, the number 6 in itself is not evil. 6 is just the number enumerator for the human DNA. 6 express the human level of existence. When God created the world, He created it in six dimensions. In physics we know 3 dimensions. Mathematically on the graph it is represented by the vertical x, the

horizontal y and the breadth z. Pictorially x, y and z would form a cube. Now we ask the question, where do we find the cube in the Bible?

We can find it in Eph 1, 2, 3, 4, 5 and 6 where it shows little cubes. John 1:1 did say that in the beginning was the Word, and the Word was with God and the Word was God. Jesus was the Word, and within Jesus was Wisdom. And this is in a way speaking about Jesus but in a way it is not speaking of Jesus as Jesus was not a created being. Jesus is God, and as God, He has never been created. But wisdom was created in some form at some point in creation. Jesus is the beginning and end of wisdom. It can also be found in Proverbs where the first two of the six dimensions are light and wisdom.

Pro 8:22 The LORD possessed me in the beginning of his way, before his works of old.

Pro 8:23 I was set up from everlasting, from the beginning, or ever the earth was.

Pro 8:24 When there were no depths, I was brought forth; when there were no fountains abounding with water.

Pro 8:25 Before the mountains were settled, before the hills was I brought forth:

Pro 8:26 While as yet he had not made the earth, nor the fields, nor the highest part of the dust of the world.

Pro 8:27 When he prepared the heavens, I was there: when he set a compass upon the face of the depth:

Pro 8:28 When he established the clouds above: when he strengthened the fountains of the deep:

Pro 8:29 When he gave to the sea his decree, that the waters should not pass his commandment: when he appointed the foundations of the earth:

Pro 8:30 Then I was by him, as one brought up with him: and I was daily his delight, rejoicing always before him;

That is Wisdom talking. When God speaks of Light, that was not sunlight or any other light, as sunlight was created later. God said, Let there be Light. Light and Wisdom are two sides of the same coin. Wisdom is always symbolized by Light; that is why in Eph 1:17-18 the spirit of wisdom will enlighten you.

Eph 1:17 That the God of our Lord Jesus Christ, the Father of glory, may give unto you the spirit of wisdom and revelation in the knowledge of him:

Eph 1:18 The eyes of your understanding being enlightened; that ye may know what is the hope of his calling, and what the riches of the glory of his inheritance in the saints.

So wisdom has light, and light contains wisdom. It talks about Jesus as the light of the world in John 1. That was the light that shines on all men, including those who do not know Jesus. Every person that comes to earth has that light, for when the world was created, wisdom was there.

Pro 9:1 Wisdom hath builded her house, she hath hewn out her seven pillars:

The seven pillars are the seven dimensions of wisdom.

The cube is six dimensions and exists within the seven dimensions of wisdom. To draw a cube, there has to be a space. That space has seven dimensions. The cube has six sides. In this hall, you have the top and the floor and the two sides on the left and on the right, then the front and the back – six sides. When God created the planet, He created both the physical and spiritual dimensions. So there is a foundational, dimensional DNA and you know that DNA has two spirals with steps in between like a circular ladder. Likewise in God's creation, there are 6 dimensions altogether. Years ago when I was grappling with science and asking the Lord about physics, the spirit of wisdom told me that there are seven dimensions. I have some calculations to merge the law of electromagnetic waves with the law of gravity and the Lord has given me some clues, and that is a work in progress. That is the goal of all physicists, to combine all the four laws of physics. When Einstein combined mass with the speed of light into one formula,  $E=mc^2$ , nobody has done it before. But it couldn't unite  $g$  into it. My goal is to do that.

In Paul's prayer for strengthening the spirit man in Eph 3, he describes the dimensions of Christ's love:

Eph 3:16 That he would grant you, according to the riches of his glory, to be strengthened with might by his Spirit in the inner man;

Eph 3:17 That Christ may dwell in your hearts by faith; that ye, being rooted and grounded in love,

Eph 3:18 May be able to comprehend with all saints what is the breadth, and length, and depth, and height;

Eph 3:19 And to know the love of Christ, which passeth knowledge, that ye might be filled with all the fulness of God.

If I ask you what is the meaning of the breadth, the length, the depth and height of Christ's love, you say that that is just a poetical expression. My friend, that is the cube. When we describe a cube, we say it is an object that has width, length, depth and height. Paul was praying that one day that the saints would understand what is hidden in the mystery of the universe, in the cube. We didn't realize that that was the exact description of the cube of revelation.

I have mentioned the seven pillars of wisdom, and if I asked you what are the seven pillars, you wouldn't know. These seven pillars are the seven dimensions of wisdom, which has one dimension more than the six dimensions of man. So there are clues in the Bible that tell us about the foundation of the universe. What is the cube? It is like our existence in different areas. Each one of us, when we exist, has our own cube. You are within that six dimensional aspect of your life. Most people know only four. As you are seated in this hall, there is a plane in front of you, a plane behind you, a plane to your left, a plane to your right, a plane below you and a plane over you.

As I analyze the cube with David, our missionary pastor, he does the seeing and I do the interpretation. The Lord told me that I could find the cube in Ephesians 1-6; Eph 3 gives the width, length, depth and height of the love of Christ. Then the Lord told me to go back to Creation, where wisdom drew the lines and those were one dimension over the other. The Lord also told me there were seven dimensions in creation. David saw our world as a cube within another cube, the latter having seven dimensions. But he doesn't know how more cubes there are. The biggest cube is the galaxy. But the basic fundamental thing of one cube in another cube, and so on, is there.

Just as every created thing has a DNA. Even plants and animals have DNA. All matter that has life form requires DNA. Geneticists have cracked the DNA code of tomato plants. Once you can crack the DNA code, you can manipulate the genetic engineering to produce specifications that you desire.

When David our missionary pastor saw the cube for the first time, he saw the panorama on the planes. On the plane behind him, he saw Jesus and the apostles. On the right plane, he saw angels and demons. On the left plane he saw things of the future. The bottom plane showed the present and the earth. The top plane he saw heaven. The thing about this cube is that all six dimensions exist at the same time. So what affects one plane is affecting the other. Any changes on one plane and you will see the changes on the other. It is like all six are affecting one another in the invisible aspect.

As I was pondering on this description, finally I got a label for each plane. The front is Old Testament. The back is New Testament. The bottom is earth. The top is heaven. The right is things unseen, the invisible realm, demons and angels. The left are things to come. In order to understand something, you have to label it. All the time, the different dimensions are taking place. You will notice that most people live on four planes. They live their existence on earth. They do believe in heaven. Those who do not believe in God and do not believe in life after life lives on one plane on earth. Those who plan for the future believe in four planes. Those who have no hope commit suicide. So you need a plane to build your future upon. On the right side, whether you like it or not, we are influenced by angels and demons. So those who don't believe in angels and demons and don't believe in God has this plane missing in their lives. So their lives become more and more restricted.

So what happen if you live on one or two planes of the cube? Then you become unaware of the changes that could take place in your life. In the olden days, man has a very simple way of explaining the earth as they are without the knowledge of atoms and molecules, electrons and protons, metals like carbon and uranium, the atomic numbers like uranium is 92, carbon is 12 and radioactive carbon is 14, that the difference between different metals is the number of protons in their atoms. For example, the layman would say that a ball would bounce wherever it falls. However, in physics that is an inaccurate explanation. The ball bounces depending on the angle it was thrown, the force used and the hardness of the

ground. That is why some tennis players are good on hard courts but not so good on clay courts. On clay courts the bounce is slower. Science today is so exact that the speed of any projectile has to take into account all factors involved in sending that projectile. Missing or forgetting to include any factor would probably send that projectile off target. Likewise anyone not believing any of the plane or dimension put oneself at the mercy of that dimension. You want to know that dimension that affects your life. Most people live on limited planes. The worst kinds are those living on just one dimension. They have no plans for the future. They exist as it is and they live day to day. They sing, "Que Sera Sera, whatever will be will be. The future is not ours to be, que sera sera." If you are not going to make choices for your life, and you allow others to make choices for your life, it will lead you to the wrong direction. You are not going to say yes to everything and you need to say no at times, as you do not want the wrong things to determine your life. You have a free will, and exercising your free will and free choice, you can save and determine your destiny. That is why the more dimensions you work with, the better.

Some people live with some consideration for their present, their future, the invisible realm, and God but they can't see their placing in the kingdom of God, in the Old Testament and New Testament. So they cannot find God's perfect will for their lives. If you can find your destiny in all six dimensions in life, you are in perfect symphony with God. You are in what the New Age or cults say, that you are one with the Universe. Not that I advocate the cults or New Age, but they attempt to be one with the Universe. But you can only be one with what you know. You cannot be one with what you don't know. Today we know that we need a certain amount of raw fruits and raw vegetables in our lives and we become healthier compared to someone who eats cooked food all the time. The more knowledge about food we have, the better for our diet and well being.

We say, OK, we accept the cube, we accept that we live on the six dimensions. We have to coordinate our lives accordingly. Where are the six dimensions in the book of Ephesians? Eph 1 tells us that God has chosen us from the beginning. That is the dimension of the Old Testament.

Eph 6 speaks about spiritual warfare. Obviously that speaks of angels and demons, the spirits unseen. Whether you like it or not, wherever you go, in different countries, you are influenced by the thought realm of the spirits. Knowing the demonic thoughts and influences help you to cancel them. You tell yourself that those are not your thoughts but the thoughts of the community there and the oppressive demonic powers over that place. Knowing that helps you not to be a victim of their influence.

Ephesians 4 is obvious, it speaks about Jesus and the apostles, the New Testament plane where it mentioned the fivefold ministries. Ephesians 2 speaks of the heavenly places, the upper plane.

Eph 3 speaks of the future, as in verse 5, which the other ages have not made known. Eph 3:5 Which in other ages was not made known unto the sons of men, as it is now revealed unto his holy apostles and prophets by the Spirit. So that speaks of the plane of the future, of things to come.

That leaves Eph 5 which speaks of Christ and His church in love and that is our walk is today.

All six dimensions show how we fit in with Christ. Everyone of us lives and functions in a cube, in all six dimensions affecting us. We may have unsorted data, which is not useful because we do not know where it comes from or how to apply it. Now whatever data we receive, we can slot them into those planes. Sometimes God reveals to us the things to come, so we slot them to the plane of the future, of things to come. Sometimes we are oppressed under enemy attack and we know it is that plane of the unseen spirits, the realm of angels and demons. Then we may have a dream about heaven, and we know it is the realm of God and heaven. Now knowing this, we can sort out our data into six compartments or dimensions.

The reason for this teaching is to learn the principles of accessing these six planes. Secondly, to know which areas of access you are not so good at. If you live on three dimensions when there are six dimensions, you wonder whether you are living fully as you ought to. To balance your life, you also need to know where you are in the Lord. Like for example, in reference to the back plane of the New Testament, you are not sure where you fit in the Church, what your gifting, what your ministry is. That plane is blank for you, so you put in a prayer request to God to reveal it in His timing and in His hands. At least you are aware that you need to sort that area out in your life to find your place in God. And then you know you are living fully in the six dimensions, not just in two or three dimensions.

I need to add something to the cube. You see, if something is true, it is true to the fundamentals. Like when man discovered DNA, they discovered that DNA is also found in plants, animals and in all life forms. And they can unravel the DNA code found in it. And in the same way, if the cube revelation is fundamental in the Bible, then it should be found everywhere in the Bible, and indeed, it does. It is found in the six pieces of furniture in the Tabernacle of Moses or in the Temple of Solomon. The first piece of furniture found as you enter the temple is the brazen altar where all the sacrifices are first offered. Before you go to the first curtain, you have the laver where the animal entrails are washed. After entering the first curtain, on the left you will see a candlestick which represents the Holy Spirit. You will also see the table of showbread which has some loaves of bread laid out there. Just before the second veil, you have the altar of incense. In the Old Testament, there are two pieces of furniture in the Outer Court, three pieces in the Most Holy Place and one piece in the Holy of Holies. But the author of Hebrews saw in heaven that it is two in the Outer Court, two in the Most Holy Place and two including the altar of incense in the Holy of Holies. But in the Old

Testament, God has to move the altar of incense out of the Holy of Holies to the Most Holy Place as the priest has to put incense on that altar everyday. If the altar of incense were inside the Holy of holies, the priests cannot put incense daily there as that place can only be entered once a year by the High Priest. So God made an adjustment to our human frailty. That shows the compassion of God already, how God came down to our level. He knows we can never reach His level of holiness on earth so He comes down to our level.

The brazen altar and laver in the Outer Court, and they are made of bronze. The table of showbread and the candlestick in the Most Holy Place. The altar of incense and the Ark in the Holy of holies. Altogether six pieces of furniture. Each of those six pieces represents a plane or dimension in that cube.

Let us start with the easiest. We start with the earth plane. The brazen altar where the animal sacrifices are made would be the earth plane. Obviously the final place, heaven, where God is, would be represented by the Ark, the top plane.

Now each furniture represents Jesus in certain aspect. The brazen altar always has blood shed from the animal sacrifices. So it represents Jesus the Lamb.

The laver which washes the entrails of the animals, also represents the washing of the Word. Eph 5:26 That he might sanctify and cleanse it with the washing of water by the word. The laver represents Jesus the Word.

After the first veil, we see the candlestick. It represents Jesus the Baptizer in the Holy Spirit. The candlestick represents all the fruits of the Holy Spirit, the gifts of the Holy Spirit, the fivefold ministries.

The table of showbread is designed in such a way that at the edge of the table there is a little crown coming up. On top of that, there are twelve loaves of bread there. 12 is the number of government – twelve apostles, twelve patriarchs, twelve tribes and the 24 elders is the multiplication of 12 times 2. This is the bread that the high priest eats. The table of showbread shows Jesus functioning as the King of kings and the Lord of lords.

The altar of incense that gives out fragrance, worship etc represents Jesus our High Priest.

The Ark of the Covenant is Jesus the Presence of God.

Each of the furniture in the tabernacle or temple represents an aspect of Jesus. As it points to an aspect of Jesus, it also points to a major principle.

The brazen altar tells us Jesus the Lamb of God; it also tells us the power of the Blood. And the power of the Blood is necessary for one to come to God.

The laver represents Jesus the Word of God, and the power of the Word of God. The Word is powerful and through the Word, you are empowered.

The Blood and the Word are the most common in the lives of believers and they are necessary for the cleansing of oneself.

Within the first veil is the candlestick, which represents Jesus the Baptizer and Giver of the Holy Spirit, and obviously represents the power of the Holy Spirit involved in all the giftings, offices and ministries of the Holy Spirit. Jesus told His disciples to wait in Jerusalem till they are endued with power from on high, that is, the power of the Holy Spirit.

The table of showbread represents Jesus as King of kings and Lord of lords, and when Jesus commissions you and delegates you in the Kingdom of God; it is run on the power of the Name of Jesus. In His Name we heal the sick and cast out demons. There is power in the Name of Jesus. We need to develop faith in the Name of Jesus. The Name of Jesus is an ointment; the Name of Jesus is a mighty power. The Name of God was so holy that the Jews of the Old Testament dare not pronounce the Name of God. God did say not to take His Name in vain.

The altar of incense represents Jesus the High Priest and the power of praise and prayer. Prayer is powerful, praise is powerful.

The Ark of the Covenant showing Jesus as the Presence of God also shows the power of the presence of God.

And when you have all six powers working in your life, you would know the full six dimensional powers of God. Sometimes people are strong in one but not in the other. That is why their powers seem to have areas of black spots.

Here is where we apply to the six dimensions of the cube. Each is also the principle in which we can advance in each plane.

Here on the bottom plane of the earth, we have Jesus the Lamb of God and the power of the Blood. To actually function well on this earth, we need to be free from our sins, free from guilt, free from condemnation. Without that, your function as spirit beings on the earth is weak. The Blood of Jesus not only cleanses the sin but also the guilt and condemnation that accompany the sin. The Blood has to be upon us utterly, sprinkled upon us seven times. So there are seven applications of the Blood. Sin, iniquity, guilt, condemnation etc, all seven aspects of us are affected when we sin.

What are the seven aspects of sin? If you read Watchman Nee's *The Spiritual Man*, he divides man into three parts, spirit, soul and body. The spirit has three parts – conscience, communion and intuition. The soul has three parts too – will, emotion and intellect. The body has one part, the flesh. All seven parts of man need the sprinkling of the Blood. So you need the sprinkling of the Blood on all

seven areas so you can function as a spirit being and that you will not be deformed. If you don't function well with the Blood of Jesus, you become deformed without knowing that you are deformed. If you live in a world where everyone has one eye, you wouldn't know that having only one eye is not normal. Many people are deformed without knowing it. If a person has anger, he does not realize that anger is not an attribute of a pure human being.

If you don't have a measurement for normal, then how will you know what is abnormal? Today people say it is abnormal to pray a lot. Some people do 7 minute devotion. Do you know that 1 hour is the minimum time in the Bible? Jesus said, "Could you not watch for Me one hour?" He didn't say, "Could you not watch seven minutes with Me?" Minimum is one hour, what is the maximum?

Knowing that the power of the Blood is needed will help you function in the earth plane very well. Some say that since the power of the Blood is important, we must confess our sins every night before we sleep. This is in view that in heaven there is a judgment of believers. God will pull out a book with all our unconfessed sins. Some say that we must confess our sins before the end of the month. What happens if Jesus comes in between the month? Then someone says to confess every night? Then what happens if Jesus comes before the night? The moment you are aware of your sins, just confess your sins and pray, "Thank you Lord, for your precious Blood."

There is a theology in Christianity that speaks of forgiveness of future sins. How do you know if a theology is good or bad? Put it to the test and see what the application is? The theology of forgiveness of future sins will lead you to this conclusion. If that is true, then all the sins of the non Christians are already forgiven. If that is true, they don't need to do anything because their sins are already forgiven. All they know is that their sins are already forgiven. Then you don't have to witness Christ to them or preach to them. That is wrong. Obviously something more is needed. Although all our sins are forgiven in Christ, we are still like batteries that must be connected from positive to negative in order for the electricity to flow. God is positive and we need to acknowledge our need for God. And then the connection to God is made.

There are many sick people in the world and Jesus had taken their sicknesses on the cross. They need to receive healing. Mat 8:17 That it might be fulfilled which was spoken by Esaias the prophet, saying, Himself took our infirmities, and bare our sicknesses. But many sick people are still not healed. The reason is because they have not connected with Jesus. Likewise there are many people with unforgiven sins and although Jesus has made provision for the forgiveness of future sins on the cross, such people need to be connected with Jesus to have their sins forgiven too.

I don't tell sick people that since Jesus has taken their sicknesses and died on the cross for them, now they can get up and walk. No, there is a whole process of bringing healing to them. Remember in the Bible, Jesus equates healing with the

forgiveness of sins. Obviously the forgiveness of future sins is in the context of Christ, and you need to tap upon it. And you tap upon it by making a request. Repent. If the theology of forgiveness of future sins is true, you don't need repentance anymore. This is what is misleading. The false grace message, I call it. The theology of forgiveness of future sins leads to removal of true repentance. Because it doesn't need repentance, all I need is acknowledgement. I just recognize it mentally, and done, it is mine. Here is my question, why is it in the New Testament, people are exhorted to repent all the time? Peter told Simon the magician to repent. He didn't tell him to just acknowledge that Jesus died for his sins including all his future sins. Why in the book of Revelation that the churches were told to repent? Not only to repent for sins, but to repent for their lack of love of God, for losing their first love.

So repentance is when we becoming like the negative in a battery, when we acknowledge our weaknesses, so that we can acknowledge His strength. There is a place for repentance in the Bible, and we need to apply as often as we acknowledge God. So the key is to quickly acknowledge the sin when it happens, repent, ask for Jesus to wash your sin with His Blood on the spot and don't keep it overnight. Then once in awhile, you also confess the sins of omission, those things that you should have done.

How often must we be under the Blood? 24 hours. From time to time, acknowledge the power of the Blood. Sing songs about the Blood.

The other aspect is that we need the Blood even when we do everything right. How dare we assume that we could do anything successfully and acceptable to God without the Blood? Remember what Cain did? He tried to offer his sacrifices to God without the blood. All our best works cannot be acceptable to God except if they are done and offered through the Blood of Jesus. So don't talk about your sins; talk about your righteousness. Can your righteousness reach heaven? No, it is not your righteousness but the righteousness of God. So even your best works and offerings need the Blood. Even the priest's offerings in the temple need the blood. You are saying to God, "This is the best I could do but it still misses the mark. That is why I offer it through the Blood of Jesus, for Jesus is the author and finisher of my faith." And Jesus completes our sacrifice, making it acceptable to God.

So that is why we need a 24 hour application of the Blood to live on the earth plane, to tap upon the Blood truly and not be a deformed person.

Then we come to the next furniture, the laver. The laver represents the Word. We ask, which dimension do we go? There are two possible dimensions. You could apply it to the dimension of the Old Testament, or to the dimension of the New Testament. The reason why we apply the Word to the Old Testament dimension is because the redemption stories started in the Old Testament. The more you understand the redemption stories, the more it gives you your place in history. Scripture for that, Gen 1:1 in the beginning was the Word, and the Word was with

God. That beginning includes the Old Testament, which includes Gen 1:1. When you understand where you are in creation and in history, and how the old covenant through Abraham was given to us, we begin to tap on that plane of the Old Testament. And that plane is interesting. For to tap on that plane, you need the Word. That plane is all about the Old Testament and the stories in the Bible. And that is the beginning of the Word.

And why don't I put it on the New Testament plane? The New Testament plane is on the higher plane or level. The New Testament is more than the Word. The New Testament is the living Word. In the New Testament, we are priests before God. 1 Peter 2:9 says we are the royal priesthood, the chosen generation, a holy nation, His own special people that you may proclaim His praises, who called you out of darkness into His marvelous light. This is what we are. In the New Testament, God calls us His kings, His priests and His worshippers. We are told in John 4 that God seeks worshippers.

The New Testament is based on everything Jesus has done. What is the little we can do? Say thank you and worship Him. That is why thanksgiving has become a big thing in the New Testament. Give thanks in everything for this is the will of God. 1Th 5:18 In every thing give thanks: for this is the will of God in Christ Jesus concerning you. Thanksgiving is in every epistle.

The altar of incense is praise, worship and thanksgiving and is at the entrance to the Holy of holies. At the same time it tells us how to go in. the more you worship, the more you pray, the more you have revelation of Jesus and His church.

The principle to enter the New Testament plane is the Word. The more you read the Bible, the more it puzzles you. The more you ask, the more you get into this plane. So those who don't read the Bible at all, this plane is nothing to them at all. Because this plane involves the Word to enter in.

Then you have Jesus, the King of kings and the Lord of lords, the power of the Name of Jesus. Which plane is it? This is very obvious; this has to do with the unseen realm, things unseen. Because when you confront principalities and powers, there is only one Name which every knee shall bow and every tongue confess, and that is the Name of Jesus. It speaks of the authority of Jesus, and at the same time, it speaks of our relationship with angels. If you do not know the power of the Name of Jesus and not know who you are in Christ, you cannot relate to angels properly. You take authority over demons through the Name of Jesus. But let us talk about angels. If you do not know the Name of Jesus and who you carry, you might relate to angels wrongly. You might go to the extreme of worshipping angels because you see their superiority over you in terms of holiness, wisdom and strength. Not always true, for Paul talks about how we can judge angels. Somebody asked me about Psalm 8 where it says God has made man a little lower than angels. That is in the past tense. In Christ Jesus, God has raised us up to sit in heavenly places. In real life, your son may grow up more powerful and richer than you. More advanced, more popular, higher in status

than you. Yes, we were all infants brought up by angels. But as we progress, some of us work with higher and higher angels so that God might put some angels under your domain. Not in the direct sense where you command them but they are in your domain. In other words, they depend very much on what you have done. In relations to angels, humans have the potential to go higher than the angels. On the other extreme, man may worship angels. Paul says in Colossians not to worship angels. Why do people worship angels? Because they do not know who they are in God. Angels to me are our best friends, our colleagues, our team members. Some of them will always be more powerful than you because they are always helping us go higher and higher. There are no jealousy and envy on their part, as they have found their place, and they are still growing. How we perform on this earth will determine our destiny in the galaxy. Don't be concerned so much as whether you have a ticket to heaven but so much as to what you would be doing when you get there. What you are going to do in heaven depended on what you have done on earth. It is just too late if we have not done much on earth. We should have done more on earth to qualify to do more in heaven.

1Co 2:9 But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him.

The reason for your tests and trials is to test your love for God. So the test that is harder to love, and you choose to love, you pass the test. What happens if I fail? The good thing is that the detention class can be forty years. Remember this, if you don't pass the test this year, you will face it again the following year, and the next, and the next until you pass the test. Different set of circumstances for different people. Every test tests your love for God.

Deu 8:2 And thou shalt remember all the way which the LORD thy God led thee these forty years in the wilderness, to humble thee, and to prove thee, to know what was in thine heart, whether thou wouldest keep his commandments, or no.

In Gen 22, God tested Abraham. Why? He wants to test whether he still love Him. The test is whether you love God, or whether you love people around you. Without tests, how can you know that you love? Your whole life is testing ground of your love. In heaven everyone knows their place and it is this life on earth that helps you find your place in heaven. Heaven has no unemployment, only hell.

So to summarize, to enter the plane of the Old Testament, you grow in the Word, you enter even more. To enter the plane of the New Testament, you grow in prayer, praise and worship, you enter it even more. If we don't have the knowledge of the Bible, we won't even see the realm of the Old Testament. But if we have some knowledge of Bible stories, God can reveal more to us on that plane. If you have greater curiosity of things in the Bible, God will show you even more.

The plane on the right, the dimension of angels and demons depend on your knowing who you are in Christ. Though angels are more powerful than us in terms of power and ability, since they are not limited in the human bodies, they still depend on the authority invested in man for them to do their work. Some men walk so closely with God that their angels accept these men's authority over them. Sometimes like for example, they need to work closely with a prophet as the latter has some authority to release and decree prophetic declarations over a place for them to go into action to execute those declarations. So the more you know your position and authority in Christ Jesus, the more you can relate to angels. See, if you become frightened whenever an angel shows up, it would be very difficult for them to deliver any message to you. That is why they always say, "Fear not." However, when you become familiar with them, be careful not to show any contemptible attitude. Show respect and they will work better with you. Angels are also respectful of those who know their place in God, who are called into their offices. Demons are the same, if you show fear of them, they will take advantage of you. If you know your place in Jesus and the power of the Name of Jesus, you will be able to execute authority over them. God will not let you enter too much into this unseen realm if you don't have sufficient knowledge of your place in Jesus.

The left plane is of things to come. It is the realm of the Holy Spirit. It is also the dimension of the future. In John 14-16, Jesus spoke about the Holy Spirit.

Joh 14:16 And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever;

Joh 14:17 Even the Spirit of truth; whom the world cannot receive, because it seeth him not, neither knoweth him: but ye know him; for he dwelleth with you, and shall be in you.

Joh 15:26 But when the Comforter is come, whom I will send unto you from the Father, even the Spirit of truth, which proceedeth from the Father, he shall testify of me:

Joh 16:13 Howbeit when he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, that shall he speak: and he will shew you things to come.

Joh 16:14 He shall glorify me: for he shall receive of mine, and shall shew it unto you.

The things to come can refer to the national level, to the community level or to your personal level. The more you relate to the Holy Spirit as a person, the more you function in whatever giftings He gave to you, the more He will show you things to come. But the more you resist His workings in your life, the less He will show you of things to come.

So now you know the principle and key into each plane. The entrance into the plane above is the presence of God. The more you feel and touch the glory of God, the more the plane is open to you. The more the Shekinah glory comes to you.

The more your life is enriched by the width, depth, height and length of the love of Christ.
